

Visiting Gardens
Garden Club of Wilmington
2020-2021 Report

In the spring of 2020, we assisted with a private tour of members' gardens where we could carpool safely. Our members' gardens are always a wonderful treat for us. After that, it was a very quiet year for the Visiting Gardens Committee. Due to Covid-19 we were not able to plan any trips-neither near nor far.

However, we have planned to come alive again in the coming year with a day trip planned in the spring, an extended trip in early summer and a pop-up trip in the fall.

As so many of us, we are looking forward to the end of Covid and getting back in action!

Respectfully submitted,

Mary Davis
